

Legacy House, an Assisted Living Facility and a program of the Seattle Chinatown International District Preservation & Development Authority (SCIDpda) is seeking a part-time Registered Nurse (RN) to be an integral part of the Senior Services Management team. This position oversees the Wellness and Quality Assurance Program to ensure and maintain compliance with all applicable WA laws and regulations specific to the operation of the Programs.

Essential duties: Performs health services assessments and planning for all new residents and ensures documentation of negotiated services for limited nursing and nurse delegation; hire, train and supervise Health Services staff, implement approaches and services to maintain or enhance the quality of residents' and clients' well-being.

Knowledge, Skills, and Abilities include:

- Current license in Washington State as a registered nurse (RN)
- Knowledge of federal, state, and local regulations governing Assisted Living and Adult Day Services programs.
- 3 or more years of progressive supervisory/management experience in Health related settings
- Bilingual ability in an Asian language desirable but not essential
