The following incentive will be distributed to SCIDpda employees (excluding Senior Services employees) as follows:

- \$500 for each permanent staff FTE, or proportional amount for part-time employee, who has worked for the Authority from 6+ months to 1 year as of 12/31/18.
- \$1,500 for each permanent staff FTE, or proportional amount for part-time employee, who has worked for the Authority from 1+ to 5 years as of 12/31/18.

- \$5,000 for each permanent staff FTE, or proportional amount for part-time employee, who has worked for the Authority from 10+ years as of 12/31/18.

**Senior Services Employees:** Amounts for Senior Services employees are calculated at ½ of the amount of incentive compensation of the remaining SCIDpda staff. This is due to the fact that the transition of Senior Services to ICHS was anticipated to be in 2018 so no incentive compensation was budgeted for Legacy House staff. Legacy House did not meet their budget goals and ended the year significantly under their budget targets. Additionally, Legacy House employees will receive the payout of their entire PTO accrued balance in March 2019.

- \$250 for each permanent staff FTE, or proportional amount for part-time employee, who has worked for the Authority from 6+ months to 1 year as of 12/31/18.
- \$750 for each permanent staff FTE, or proportional amount for part-time employee, who has worked for the Authority from 1+ to 5 years as of 12/31/18.

#### Eligibility

This policy applies to all exempt and nonexempt, full-time and part-time employees. Part-time employees may receive severance pay on a pro-rated basis in accordance with their scheduled hours. A severance payout is not automatic and must be upon the recommendation of the Department Manager and approved by the Executive Director or Deputy Director.

#### **Triggering Events**

In the event of an involuntary termination due to a reduction in force/downsizing, change in company direction, job elimination or termination for performance, SCIDpda may provide a severance benefit for the affected employees. This does not apply to terminations for cause, refusal to be reassigned or refusal to be relocated.

#### **Payment Amount**

The rate of severance is based on length of service with SCIDpda.

#### **Length of Service**

The amount of severance is correlated with the length of service. One week of pay may be paid out for every year of service, not to exceed a total of 2 Months (8 weeks). Severance is calculated on base pay only. SCIDpda may choose to pay out as a salary continuation benefit (continue payments on scheduled paydays) or in a lump sum.

#### **Paid Time Off**

Accrued but unused PTO will be paid out to the employee. Vacation will stop accruing as of the effective date of termination.

#### **Insurance Benefits**

#### 5. Board Business

- A Finance Committee Wayne presented two resolutions for consideration that the Finance Committee reviewed and recommends to the board. The board discussed the details of the resolution, and Mindy requested more time to examine the details more. Jared decided to table a vote on the resolution until the April board meeting.
  - i. Resolution 19-03-19-06 INCENTIVE COMPENSATION PLAN 2019 Seattle Chinatown International District Preservation and Development Authority (SCIDpda), a Washington public authority (Authority), currently employs approximately 85 full and part-time individuals. 52 of those 85 employees are part of our Senior Services programs which include assisted living, adult day services and community meal programs. These services will be transferred from SCIDpda to International Community Health Services (ICHS) during 2019. Because the transition is expected early in 2019, this Incentive Compensation Plan will not include the Senior Services employees.

The SCIDpda Board (Board) has long recognized and valued the SCIDpda skilled and committed staff. An employee must be a permanent employee who works full or part-time and has worked for SCIDpda over six (6) months in order to be eligible to participate in this Incentive Plan.

The Board established a strategic plan for the years 2017-2020. A goal of the strategic plan is to improve employee benefits. To that end, the Board is authorizing SCIDpda to make a contribution on behalf of each eligible employee to the Authority's 457B plan. The amount contributed per eligible employee will be 4% of the employee's salary/wages. Vesting of the SCIDpda contribution will be determined. The award date will be December 31, 2019 to employees who are employed as of that date. The amount will be funded into the 457B plan by March 31, 2020. The Board acknowledges the current 457B Plan will need to be amended for this additional benefit and authorizes the Deputy Director to work with SCIDpda's 457B provider to amend the Plan. The amended plan will be need to be approved by the Board.

Additionally, the Board desires to reward positive performance of the staff by providing an incentive to permanent staff for meeting and/or exceeding the specified Authority goals outlined in the strategic plan. The Board wishes to provide incentive compensation to all permanent eligible employees as of the award date.

For 2019, award date will be December 31, 2019.

For 2019, The Board wishes to provide incentive compensation if the following goals are met:

#### More Housing Units/Options

Senior Services sustainability plan complete and implementation begun

#### CID Properties Better Serve the Community

 Identify/seek/create funding sources/opportunities for CID properties (our own and for the community)

#### More positive businesses

Community Initiatives and Property Management work collaboratively to address goals
of Attracting Positive Businesses and Creating Community Connections

#### **Stronger Community Connections**

Begin training residents at SCIDpda-managed properties in emergency preparedness

#### PDA Buildings Financially Sustainable

- Meet budgets
- NNN reconciliation transferred from Accounting to Property Management. Smooth handoff with accurate and timely billings.

PDA's Organization Sustainability Strengthened

- Develop 3 year budget planning model
- Identify and document Key Performance Indicator metrics and measures for Property Management
- Community Initiatives' staff transitions successfully implemented with minimal negative impact to programming and operations

The amount of award will be allocated based on a percentage of each employee's salary/wages. A maximum of 6% of the employee's salary/wages may be distributed as incentive compensation to each employee. The total amount of incentive award for 2019 will be determined by recommendation of the Deputy Director to the Finance Committee who will review performance against goals and available cash for award payment.

We the Governing body of the SCIDpda, authorize and approve the Incentive Compensation Plan (Plan) for 2019 as outlined above. Further, we authorize the Deputy Director and the Finance Committee of the Board to make recommendations on the amount of award to be granted as of the award date listed in the Plan.

#### **Real Estate Development**

Michael Omura

**Please note:** Bold items are recent updates/developments for this month's report.

#### SCIDpda Direct Involvement

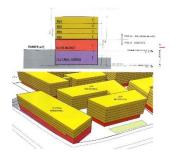

#### Pacific Medical North Lot

The current design contemplates a building(s) that are comprised of AiPACE (23,000 sq. ft.), 264 affordable family units, 41 senior units and 9,500 sq. ft. of childcare. Currently it is planned that we will develop and own the building and then condominiumize the AiPACE portion of the building. We are currently updating the design to be more cost effective by reducing parking and eliminating as many PT decks as possible. The Legislature has included in their budget \$9M for the project.\*\*

#### Goodwill Site

The SCIDpda has entered into a MOU with Goodwill, Lake Union Partners, and Capitol Hill Housing to create a feasibility analysis of the nearly 8 acre site. The program for the site will include a new flagship store for Goodwill and relocation of the warehousing and fleet parking, SCIDpda and CHH will develop affordable housing and community facilities. A letter of intent by LUP was submitted to Goodwill but no further action has taken place\*\*

#### **SHA King County Records Site**

We have kicked off design on this project which will consist of 158 family units, a Denise Louie Child Education Center, small commercial space and parking. We have also selected Marpac as the pre-con and general contractor. Construction is slated to start June 2020.\*\*

#### Renovation of the Louisa Hotel

Construction began in December with the removal of hazardous materials. It is anticipated that the project will be completed by mid-2019.

#### Intracorp Development – Acme Poultry Site

Demolition has begun on the project and construction is anticipated to be complete by 2Q of 2021\*\*

#### Inland Development – 10<sup>th</sup> & Jackson

Thai Binh the name of this development is having their open house on April 17 and leasing has begun.

#### JCCCW Phase 1 Breezeway

The Nikkei Heritage Association of Washington (NHAW) that owns and operates the buildings located between Rainier and 16<sup>th</sup> on Weller St has engage the SCIDpda to act as owners representatives and project manager for a small renovation of the connection between the two main buildings. Permit documents have been submitted and expect to be issued in late April. We will be soliciting contractors in the next couple of weeks.\*\*

#### **Future Projects/Opportunities**

#### SCIDpda Direct Involvement

#### **URM/Historic Core Renovation**

The investor that has been brought on board for the Louisa Hotel is interested in raising funds to renovate existing underutilized and vacant upper levels of many of our historic buildings in the core of the CID. SCIDpda has begun to strategize with the investor on reaching out to the owners of the buildings, the City and community leaders. A group led by Peter Nitze has been meeting to identify issues surrounding displacement, permit processing, technical solutions, and funding sources for URMs. We have been participating along with folks from the City.

#### Other Projects in the Neighborhood

#### 206 5<sup>th</sup> Avenue S.

An 8 story 62 unit mixed use condo project is being proposed by Edge Developers and was presented at the October SCIDpda Board meeting. This project was presented to ISRD in March and there was some push back from the CID Coalition which opposed the project because it further erodes affordability and accelerates displacement in the CID.\*\*

#### Four Seas

Interim and Edge Development has submitted to Office of Housing for plans to develop the ¼ block site of the Four Seas Restaurant for a mixed use development with affordable housing and commercial. The project has gone through a second briefing with ISRD and the overall massing of the project has been well received.\*\*

#### Interim Site on King

Interim has purchased a 12,000 SF parcel on King Street between  $10^{th}$  and  $12^{th}$  (Acme Poultry parking site) and plans to develop affordable housing.

#### Linc's Tackle Site

Plymouth Housing will be developing a mixed use project on this site with 105 studio units. One concern expressed by some community members is that the majority of the commercial space will be for Plymouth Housing Maintenance. Construction has started and completion is slated for mid-2020.\*\*

#### Jackson Steps (formerly Asian Plaza)

The project has been approved with conditions by the Director of SDCI since the Board was split on this. The entire project is now on the market for sale to potential developers. No sale of the project/property to date.

#### Hotel on 8th Ave. S

The developers and architects presented a briefing to the ISRD on September 11<sup>th</sup> with a proposal that added two stories to the previous proposal and retail spaces along 8<sup>th</sup> Ave. The ISRD took no action but recommended but recommended the applicant obtain written direction from SDOT for their preference for vehicular access off Lane Street.

#### **DA-LI Development**

The developers and their design team will presented the project at the fifth briefing for ISRD on 4/24/18. The ISRD generally agreed with the massing concept however there were concerns raised about the retail space on the corner of 5<sup>th</sup> & Main. Construction has started and it is anticipated that it will complete by late 2020. A ground breaking was held last month and there was a protest by some groups from the CID.\*\*

#### Site on Main and Maynard

Hotel Concepts has purchase the site on the SE corner of Maynard and Main and plans to develop a residential high rise. They are the same developers as the 8<sup>th</sup> & Lane hotel across from Legacy House that had caused controversy in the CID

#### Site on 5<sup>th</sup> and Washington

Toyoko Inn has purchased the ¼ block site directly north of the Da-Li development. The purchase price quoted in the DJC was over \$10M.

#### Bush Garden Site

Staff has met with Vibrant Cities the owner of the Bush Garden building and the parcel south of that building to discuss issues related to the development of that site not only as a CDC in the neighborhood but as the owners of the building adjacent to the site. The project was presented to ISRD at the 7/24 meeting and in general was well received. There were concerns raised by some members of the public about saving a culturally significant landmark and of the affordability goals of the project.

#### 5<sup>th</sup> & Jackson

Tomio Moriguchi and his design team presented the to the ISRD a briefing of the potential development of the existing parking lot at the corner of 5<sup>th</sup> & Jackson, a 24 story, 200 unit apartment with a 150 unit hotel and below grade parking. At the ISRD briefing on 5/8 there were many concerns raised about the street frontage of the project as well as the internal courtyard and the retail space that is below grade.

#### LIHI Project on Jackson

Construction is underway for 69 unit 6 story mixed use building.

#### 701 Jackson and 409 8th Ave. S.

We have been informed that both of these parcels between 7<sup>th</sup> & 8<sup>th</sup> on Jackson is on the market as a consolidated property for \$15M\*\*

#### **Development Activity on the Periphery of CID**

"S" Project – A 990,000 SF office development on  $6^{th}$  Ave. S and Airport Way just south of Dearborn. The project has had 2 Early Design Guidance reviews through the South East Review District. One building of the complex is located in the ISRD and will go through the ISRD process.

Westcoast Printing site – A 200 unit six story residential development is proposed for the old West Coast Printing site and was presented at the SE DRB on 9/27. No minutes of the EDG meeting is available at this time.

#### **Community Initiatives**

#### **Hing Hay Coworks/Business Resources**

We have a new Hing Hay Coworks Program Coordinator (Miran Kim) and a new Program Liaison (Sheena Wu). I hope you all stop by HHC to introduce yourselves to them. The transition seems to be going pretty well and we are excited to have our new team on board. We are currently at 42 members at HHC (budgeted 37) and our revenue is exceeding the budget.

#### **Public Space**

SCIDpda and the Friends of Little Saigon (FLS) are supporting the outreach and engagement for the **Little Saigon Park.** The committee has one final committee meeting and public meeting before finalizing the design for the park.

The **Maynard Alley** committee has hired ZeroPlus Designs for conceptual designs in Maynard Alley. ZeroPlus is a local firm in Little Saigon – they are meeting with a variety of stakeholders to gather information for the alley.

I made a comment to Maiko about how the **lighting study** was one of our most exciting (to me) projects that we have going on this year and she wanted to make sure I highlight it. As you may recall, we did a neighborhood lighting assessment last year that came out with recommendations on improving lighting in the neighborhood. This included improvements to Kobe Terrace Park, expanding the red pedestrian lights on the sidewalk, trimming street trees that are blocking lights, and working with neighborhood businesses one keeping their lights on further into the evening. Our plan is to move forward with all of these projects this year.

The **Jackson Hub** report is final! It's quite long – until we get it online, feel free to stop by Hing Hay Coworks if you would like to read it.

#### **Preservation/Planning**

We have hired a consultant for our **Integrated Planning Grant with the State Department of Ecology** to do property specific environmental assessments and remediation planning for on property in the neighborhood for the purpose of doing affordable housing and commercial space development.

Our CDIF Collaborative through **JP Morgan Chase's ProNeighborhoods Program** to explore financing options for rehabilitation of URM buildings in the neighborhood is underway. Staff are continuing their work with CDFI's to explore options – we recently took the collaborative on a walking tour of various buildings in the neighborhood.

#### **Business Development**

We recently hosted **legal workshops** for small businesses in the neighborhood. Businesses signed up for slots and were able to get one on one legal advice for a number of things.

We are also finalizing our **Only in Seattle** business district award for 2019 – this supports staffing for our business development consultant, work on economic development projects, and supports work that the CIDBIA is working on.

#### **SPRING CLEAN!!!!**

Spring Clean is on April 27 this year – please hold the date! If you want to volunteer, please go here: <a href="http://bit.ly/springclean19">http://bit.ly/springclean19</a>

We still are I need of volunteers for the morning of – if you want to join, please shoot me (Jamie) and email – <u>jamiel@scidpda.org</u>

**Commercial:** Louise Mok, the commercial property manager who was the first to get us to 100% occupied has decided to move on to other opportunities and her last day is 4/10/19. She's been training her replacement, Eliza Chan (formerly with HHC), and though we'll miss Louise, we look forward to the new level of professionalism Eliza brings.

The owner of the massage business in the Jackson building who was given notice to vacate early February has made repeated requests for us to reconsider our decision not to renew her lease. With the ongoing support of the building's owners, we continue to stand firm in the decision to replace the business with one more in line with our community and agency goals. We received a Letter of Interest (LOI) from Matcha Man Ice Cream confirming the business owner's decision to move forward with opening an ice cream/coffee house in that space.

Last month I reported that Gissberg Law at IDVS2 gave notice to vacate "around the end of spring" after we'd increased his rent for the first time in several years (an increase of around \$100), but he recently notified us that he's reconsidering. We have an interested applicant who used to rent commercial space from us 10 years ago who we'll be showing his space to next week should he ultimately decide to move out.

**Residential:** Rachtha Danh has begun pre-leasing for the Louisa's anticipated opening mid-May. At this point, approximately 25% has been pre-leased, though we anticipate the last 25% will be the most challenging due to rents being considerably higher than originally projected by the owners.

We've hired James Higashi, a licensed plumber who has worked at SHA the last 30 years to be the Louisa's maintenance manager. He's been doing work at all of our properties while we wait for the Louisa to come on-board and reports from property managers say he is highly qualified, professional, and has excellent rapport with residents.

Seattle Chinatown International District Preservation and Development Authority April 1, 2019

Re: Scope of the EIS for West Seattle and Ballard Link Extensions Project

Dear Ms. Swift:

The Seattle Chinatown International District Preservation and Development Authority (SCIDpda) appreciate the opportunity to submit input on the scope of the environmental impact study for the West Seattle and Ballard Link Extensions project.

SCIDpda was created by the City of Seattle and the community in 1975 to work for the conservation and renewal of the unique cultural and ethnic integrities characteristic of the Chinatown-International District.

We were created to promote, assist and encourage the preservation and development of structures and open spaces in a manner that affords a continuing opportunity for local business and property owners, residents, community organizations, and visitors to carry on their traditional, as well as developing, activities. Our job includes encouraging programs to expand food retailing, especially the sale of ethnic products; to expand and preserve the residential community, especially for low-income people; to promote the survival and predominance of small shops, ethnic businesses and other enterprises, activities and services which are essential to the functioning and vitality of the Chinatown-International District.

We know our neighborhood well. We understand that our community has various viewpoints and opinions, and we try to represent the diversity of our stakeholders. We have staff who have participated in Sound Transit's Stakeholder Advisory Group process, as well as other transit planning discussions in the area, and spend time trying to understand these decisions, but do not claim any expertise in this work.

We see the work that Sound Transit is undertaking as a great opportunity as Union Station (adjacent to all alternatives) is the confluence of local and regional transit lines. This Project, rather than only focusing on solving its alignment issue, should take into consideration the potential for the 4th Ave viaduct upgrade/redevelopment and other major projects and their impacts on our community as it examines its alternatives.

We believe this is a great opportunity for Sound Transit, City of Seattle and King County Metro to work together to redevelop the Union Station area to a modern and effective transportation hub that could serve the region and beyond in the long-term - the 100 year vision - as this is a transformative project.

#### Alternatives to Study

SCIDpda does not believe that any of the alternatives being discussed at this time are ideal. It's prudent for planners, engineers and designers to study best practices at other places and come up with better alternatives that reduce construction costs and timeline and mitigates displacement risks. We fear making a decision now that could limit the best option for all of us in the future.

For this reason, we believe all alternatives need to be studied. If Sound Transit can eliminate the Representative Alignment with no legal risk, it should do so.

We understand Sound Transit is under pressure to deliver ST3 quickly and faster than past light rail projects, but faster is not always better - and if we are looking at what works best with a long term time vision in mind, the extra time may lead to the development of an alternative that meets our community's expectations. We ask Sound Transit to let the EIS process do what it is meant to do - compare alternatives identify impacts, and identify mitigation measures, so that the best alternatives come forward.

#### **Vulnerable Community**

It is clear that Sound Transit is keenly award that our community is low income and a community of color. What has not been stated often, and needs to be examined in the EIS for alignment impacts on additional factors that make our neighborhood vulnerable, including:

- High concentration and number of seniors close to 25% are 65 and older; most are on limited incomes
- High number of residents who do not speak English at home (over 50%)
- High percentage of residents who immigrated to the US who often do not understand public processes, or why our projects take as long as they do

Our businesses are also vulnerable. A high number are small family owned operations, with limited English skills and capital, and are often low income.

#### **Construction Impacts**

This neighborhood, because of its location between the central business district and industrial areas, has endured major construction projects. SCIDpda staff and board have been here during I-5 construction, the Kingdome, Union Station, and most recently the First Hill Streetcar. We experienced Sound Transit work in the Rainier Valley. That history causes us to be deeply concerned about construction, its impacts and potential mitigation, and we request in-depth study with mindful, culturally-competent perspective.

We expect adequate and fair mitigation of construction impacts. The EIS must identify detailed mitigation, and the systems that will be put in place to monitor the effectiveness of the mitigation as construction proceeds. Please consider recent experiences of major public projects in Seattle, and reflect on what worked and did not work in Link Light Rail Rainier Valley experience in the work with small businesses (both with Sound Transit and the City of Seattle), and City of Seattle's First Hill Streetcar. There are other ethnic enclaves that have endured similar projects that can also be used as "learning opportunities" or "best practices".

Disruption to utility services such as water, sewer, and electricity adversely impacts all residents, but especially low-income and vulnerable populations, or for impacted businesses. Careful scheduling,

timing, coordination, and communication is key to success, as we learned during the First Hill Streetcar project. The EIS will need to evaluate the impacts of construction and operation of all project alternatives on utilities, identify potential disruptions, and mitigate for these disruptions.

Keeping our businesses informed of construction impacts months in advance may not be intuitive, but is important. Some of our neighborhood businesses purchase goods months in advance in order to utilize shipping, or due to seasonality.

Other construction impacts that need to be included in the EIS:

- How will construction location and type impact our air quality? Our air quality is currently some of the worst in the Puget Sound Region as determined by the Puget Sound Clean Air Agency.
- How will the different alternatives impact accessibility for those who live, work, shop, and visit our neighborhood? We request the EIS examine this based on the general public, as well as those noted above in Vulnerable Community.
- We understand that the staging area is likely to be in the CID historic core, potentially near the Joe's Tavern site. What will the different alternatives' impacts be on the community? Our traffic in the neighborhood is difficult due to the confluence of our vulnerable community, drivers of both passenger and commercial vehicles cutting through the neighborhood, cyclists, transit, etc. What activities are anticipated at the staging area, how will that impact the surrounding area's accessibility and transportation flows, air quality, noise and vibration, and other considerations we have not considered?

#### **Back to Back Projects**

For the past 10 years our staff and board have been told that the 4th Avenue viaduct either needs to be rebuilt or that it is in good shape. To get clarity, we request the EIS examine 4th Avenue's condition because the cumulative impacts of ST3 and 4th Avenue rebuilt within close timing would potentially kill the Chinatown International District. Simply put, is there potential opportunity to resolve both issues with one project?

#### **Station Area**

There has been much community discussion as to what should happen at the station area for economic development. How will the community benefit from station area development? Who will manage, and can it be done in a way that complements – versus competes with – surrounding neighborhood businesses? These questions should be examined in this process.

We are intrigued by a vision of a revitalized Union Station. But, we feel that it order for it to function well, it would need to have something to draw people into the property, other than just commercial uses. Making it a functionining station, forcing peopel to enter it for access, would be an immense improvement, and a grand entrance into our city. The EIS should identify those key features to making it function well.

We also request that the station area have a location from which the public can purchase or obtain the different classifications of ORCA cards (e.g. youth, ORCA Lift, RRFP), and to consistently have education materials in a variety of languages so new transit users can understand how to use the cards. We hear that there are concerns amongst immigrant populations about using the ORCA card program as they do not want to be cited and fined for not having "tapped in" correctly.

We request that Sound Transit work collaboratively with City of Seattle as it does station area planning - we need to ensure that station elements and the surrounding public realm promote neighborhood preservation and development.

#### **Public Safety and Security**

In a diverse community with a variety of opinions – one thing we generally can agree on is that we are all concerned with public safety. The EIS needs to evaluate how construction and operation of each alternative would impact public safety and security in Pioneer Square and the Chinatown-International District. Considerations such as lighting and visibility are essential.

#### **Open Space**

The Plaza to the east of Union Station - the area's above the existing light rail station - is not welcoming, does not reflect the culture of our communities, and is visually distracting. As part of the EIS and in discussions of open space, we request how the area is reimagined to become a world-class transportation hub reflective of our City.

#### Transportation

We cannot imagine what transportation will be like in the future. What happens with the E3 busway? What happens when Highway 99 starts tolling? The EIS should articulate its assumptions on transportation flows, and how the different alternatives impact and address challenges.

We still foresee a need for parking and for access to our community because our area is a regional draw, and even when Sound Transit is complete, those shoppers into the neighborhood who come from as far as Bellingham, Olympia and Yakima will still need to drive. As we often say, Grandma can't get a 50 pound bag of rice home on transit, and Amazon does not deliver her. The question for the EIS is how will the alignments impact parking, and access to businesses for both customers and business deliveries?

#### **Public Involvement**

We appreciate Sound Transit's efforts to engage our community. And you have to keep trying, it is an iterative process. The language is hard enough, but it is more than that - it is partly cultural. Some of our community may never participate as they may not have the time, energy, language, or the understanding of what is being asked of them – they may have never been asked before, or feel it is not their role, but you must keep trying.

Doing this work takes time, resources, and consistency. The work gets confusing for the community because in the community's mind, the agencies all fall into the bucket of "government".

We thank you for this opportunity and look forward to working with Sound Transit and other partners in making this one of the best transit centers in the world. It is one of the biggest in the Western US, and we have the exciting opportunity and an obligation to make it better for ourselves and for future generations.

Sincerely,

Jared Jonson, Board of Directors President Maiko Winkler-Chin, Executive Director

The Members hereby agree that, notwithstanding any provision of the Act, the Company shall not dissolve prior to the occurrence of a Liquidating Event. If it is determined, by a court of competent jurisdiction, that the Company has dissolved prior to the occurrence of a Liquidating Event, the Members hereby agree to continue the business of the Company without a winding up or liquidation.
- 7.2. **PROCEDURE FOR WINDING UP AND DISSOLUTION**. If the Company is dissolved, the affairs of the Company shall be wound up. No Member shall take any action that is inconsistent with, or not necessary to or appropriate for, the winding up of the Company's business and affairs. The Members shall appoint a Person to be responsible for overseeing the winding up and dissolution of the Company. Such Person shall take full account of the Company's liabilities. The proceeds realized from the liquidation of the Company, to the extent sufficient thereof, shall be applied and distributed in the following order: (a) first, to the payment and discharge of all the Company's debts and liabilities to creditors including Members; and (b) the balance, if any, to the Members in accordance with their Interests. Except as otherwise provided in this Agreement: (a) each Member shall look solely to the assets of the Company for the return of its Capital Contributions and shall have no right or power to demand or receive property other than cash from the Company in accordance with the terms hereof, and (b) no Member shall have priority over any other Member as to the return of its Capital Contributions, distributions, or allocations.

7.3. **FILING A STATEMENT OF DISSOLUTION**. If the Company is dissolved, a Certificate of Dissolution shall be promptly filed with the Secretary of State for the State of Washington. If there are no remaining Members, the Certificate of Dissolution shall be filed by the last Person to be a Member; if there is no Person who last was a Member, the Certificate of Dissolution shall be filed by the legal or personal representatives of the Person who last was a Member.

#### SECTION VIII. OBLIGATIONS TO THE PARTNERSHIP; MEMBER LOANS

- 8.1 **REPURCHASE OBLIGATIONS.** The parties acknowledge that pursuant to the Partnership Agreement, the Investor will specify certain events which will require the Company to repurchase the Investor's interests in the Partnership ("**Repurchase Obligations**"). If the Company is subject to a Repurchase Obligation, the Majority Member shall make a loan ("**Member Loan**") to the Company equal to the amount of the Repurchase Obligation, and the proceeds of the Member Loan shall be used by the Company solely for the purpose of fulfilling the Company's Repurchase Obligation. Upon such repurchase by the Company, the Company shall redeem the interests of the non-Manager Member for an amount equal to the greater of the non-Manager Members' capital account balances or \$100.
- 8.2 **CREDIT ADJUSTER ADVANCE.** If the Company is required by the terms of the Partnership Agreement to make a capital contribution or loan to the Partnership because of an adjustment in the amount or timing of the tax credits that will be available to the Investor (a "**Credit Adjuster Advance**"), then the Majority Member shall make a Member Loan to the Partnership in the amount of the Credit Adjuster Advance and the proceeds of any such Member Loan shall be used by the Company solely to pay the Credit Adjuster Advance.
- 8.3 **OPERATING DEFICIT ADVANCE.** If the Company is required by the terms of the Partnership Agreement to make a capital contribution or loan the Partnership because the Partnership has a deficit of operating revenue available to pay debt service and/or operating costs of the Project (an "**Operating Deficit Advance**"), then the Majority Member shall make a Member Loan to the Company in the amount of the required Operating Deficit Advance and the proceeds of any such Member Loan shall be used by the Company solely to pay the Operating Deficit Advance.
- 8.4 **DEVELOPMENT ADVANCE**. If the Company is required by the terms of the Partnership Agreement to make a capital contribution or loan to the Partnership in order to pay any development costs in excess of other sources available to the Partnership (a "**Development Advance**"), then the Majority Member shall make a Member Loan to the Company in the amount of the required Development Advance, and the proceeds of such Member Loan shall be used solely to pay the Development Advance.
- 8.5 **DEVELOPMENT FEE ADVANCES.** If the Company is required by the terms of the Partnership Agreement to make a capital contribution to the Partnership in order to pay any unpaid portion of the developer fee payable to the developer of the Project, then the Majority Member shall make a Member Loan to the Company in the amount of the unpaid developer fee

payable, and the proceeds of any such Member Loan shall be used by the Company solely to make such capital contribution to the Partnership.

- 8.6 **ADDITIONAL GENERAL PARTNER OBLIGATIONS**. In addition to those obligations of the Majority Member set forth in sections 8.1 through 8.5 above, to the extent the Company is required to make any additional advances, loans or capital contributions under the terms of the Partnership Agreement, the Majority Member shall make a Member Loan to the Company in the amount of such advances, loans or capital contributions.

Each Member Loan shall be evidenced by a note (a "Member Loan Note") in the amount of the Member Loan which Member Loan Note shall be executed and delivered by the Company to the advancing Member at the time the Member Loan is made. Member Loans shall be non-interest bearing loans, shall be nonrecourse to the Members, and shall be subject to the terms and conditions of a Member Loan Note. A Member Loan shall be repaid to the advancing Member immediately upon either (i) the Partnership's repayment of any GP Advance funded by the Member Loan or (ii) receipt by the Company of a distribution from the Partnership but only after all other current expenses of the Company are paid.
- 8.9 **PARTNERSHIP AGREEMENT.** The Members acknowledge that the repayment of any GP Advance shall be subject to the terms and conditions of the Partnership Agreement.
- 8.10 NOTICE OF REPURCHASE OBLIGATION AND GP ADVANCE OBLIGATIONS. The Manager shall provide immediate written notice to all Members if and when a Repurchase Obligation is triggered or a GP Advance is required under the Partnership Agreement. Such notice shall include (i) a description of the events giving rise to the need for the Repurchase Obligation or the GP Advance; (ii) the timeline within which the Repurchase Obligation must be met or the GP Advance must be made to avoid additional monetary or other consequences under the Partnership Agreement and any loan documents with respect to the Project; (iii) identification of the provisions of the Partnership Agreement and the factual circumstances triggering the Repurchase Obligation or the GP Advance obligation; and (iv) the Manager's plan for addressing the Repurchase Obligation or the GP Advance obligation.
- 8.11 **MEMBER LOANS MADE BY NON-OBLIGATED MEMBER.** If the Majority Member is required to make a Member Loan as outlined in this Article VIII but fails to do so as and when necessary for the Company to fulfill its obligations under the Partnership Agreement, then, in addition to any requirements under section 8.12 below, any other Member(s) may, but shall not be obligated to, make the required Member Loan.
- 8.12 **MAJORITY MEMBER OBLIGATIONS.** Notwithstanding any other provisions herein, in no event shall any member other than the Majority Member be required to make a Member Loan to the Company for any reason.

8.13 **DIRECT LOAN.** The Majority Member or the Manager may, at its discretion and subject to the consent of the Investor, make a direct loan to the Partnership instead of Member Loan as noted above. #### INDEMNITY AGREEMENT (Bonanza Project)

THIS INDEMNITY AGREEMENT (this "Agreement") is made as of this day of
by and among Capitol Hill Housing Improvement Program, a Washington
public corporation ("Indemnitor") and Seattle Chinatown International District Preservation and
Development Authority, a Washington public corporation ("Indemnitee").

#### **Background:**

- A. Indemnitor is involved in the acquisition, rehabilitation, development, and operation of an eighty seven (87) unit scattered site affordable housing project located in the Capitol Hill neighborhood of Seattle, Washington (the "**Project**"). This Project will be owned by Bonanza 1 LLLP, a Washington limited liability limited partnership ("**Partnership**"). The general partner of the Partnership is Bonanza 1 GP LLC, a Washington limited liability company ("**General Partner**").
- B. In order to allow the Project to move forward in a fashion that is most beneficial from a tax standpoint, Indemnitor has requested that Indemnitee participate by taking ownership of a 21% member interest in the General Partner. In agreeing to participate in the Project, Indemnitee is not contributing funds other than its initial capital contribution or pledging any of its assets on behalf of the Project. In addition, Indemnitee seeks additional assurances from Indemnitor regarding its participation in the Project. The following indemnification is meant to provide these additional assurances.

#### **Agreement**:

NOW, THEREFORE, intending to be legally bound and in consideration of the above-referenced actions, the parties hereto agree as follows:

- 1. Indemnitor shall indemnify, defend and hold Indemnitee and its directors, officers, employees and agents harmless from and against any expense, loss, interest, lien, claim, tax, penalty, encumbrance, damage, attorney's fees and expense of every kind and nature which Indemnitee may suffer, expend or incur by reason or in consequence of Indemnitee's participation in the Project and/or Indemnitee's ownership of its member interest in the General Partner. This Indemnification does not cover any loss of the value of member interests in the General Partner.
- 2. The Indemnitor has agreed that the member interest may be redeemed for its fair market value, but not less than \$3,000.0021.00 [thios is the Put Price in Section 6.5 of the operating agreement], at the option of the Indemnitee at any time after the fifteenth (15<sup>th</sup>) anniversary of this Agreement. In addition, the Indemnitor shall have a right to re-purchase such

Indemnity Agreement (Bonanza Project)

member interest at its option for an amount equal to its then-current fair market value at any time after the fifteenth (15<sup>th</sup>) anniversary of this Agreement.

- 3. Indemnitee shall not be required to proceed against the General Partner or any other entity involved in the Project prior to enforcing this Agreement.
- 4. This Agreement shall be binding upon the parties hereto and their respective successors and assigns, and shall inure to the benefit of Indemnitee, and its successors and assigns.
- 5. This Agreement may be executed in several counterparts and so executed shall constitute one binding agreement on all parties hereto.

IN WITNESS WHEREOF, the undersigned have set their hands and seals the day and year set forth above.

RE: General Partnership Formation – Capitol Hill Housing and SCIDpda – Bonanza Project

Received: 26 March 2019

From: Jeff Nave – Foster Pepper

#### 1. What are some of the potential risks of being a minority partner in this type of General Partner?

SCIDpda's capital contribution is set at \$21, so there is not a tremendous risk of loss of investment.

Section 3.2.3 of the LLC's operating agreement states that "no Member shall be liable for the debts, liabilities, contracts or any other obligations of the Company" unless it agrees to do so, and that no member is obligated to make additional capital contributions to the LLC. The operating agreement does not require SCIDpda to make loans to the LLC.

Under the provisions of the Washington Limited Liability Company Act (chapter 25.15 RCW), SCIDpda would have liability with respect to LLC's obligations under the following circumstances:

- pursuant to RCW 25.15.061, SCIDpda would be personally liable for the LLC's acts, debts, obligations and liabilities to the extent that shareholders of a Washington business corporation would be liable in analogous circumstances, considering the factors and policies set forth in established case law with regard to piercing the corporate veil (except that the failure to hold meetings of members or the failure to observe formalities pertaining to the calling or conduct of meetings will not be a factor in such consideration if the certificate of formation and limited liability company agreement do not expressly require the holding of meetings of members);
- pursuant to RCW 25.15.126(3), SCIDpda would be personally liable for its own torts; and
- pursuant to RCW 25.15.196(2), a creditor of the LLC may be able to enforce SCIDpda's obligations
  to make capital contributions under the operating agreement if the creditor extends credit to the
  LLC before the operating agreement or the LLC's records are amended to reflect a compromise of
  SCIDpda's obligation to make such capital contributions.

The first of these might pose the greatest risk to SCIDpda under the circumstances. This risk can be addressed if the LLC maintains insurance in an amount that covers its potential tort risks.

Finally, the risk to SCIDpda's reputation is the hardest to quantify. Obviously, if the tax credit property is mismanaged, or suffers an unfortunate casualty, there is a potential for SCIDpda's name to appear in the press and be linked to the project. I believe the "put option" contained in Section 6.5(a)(vi) of the operating agreement (allowing SCIDpda to force the purchase of its member interest if the tax credit partnership violates a law and such violation is anticipated to adversely affect SCIDpda) is intended to address this risk.

#### 2. What is expected to happen at Year 15?

The current draft of the operating agreement for the LLC addresses this in a few areas. Sections 5.1(a) and 6.5(a)(i) suggest that CHHIP anticipates that the project (or the investor's interest in the tax credit partnership) will be transferred to CHHIP or CHHIP's affiliate. Section 6.5(a) of the operating agreement provides SCIDpda with a "put option" to force CHHIP's affiliate to acquire SCIDpda's member interest for \$3,000. Section 3.4.2 of the operating agreement provides that the LLC has the right to purchase SCIDpda's member interest at any time after the 15<sup>th</sup> anniversary of the operating agreement for "fair market value". Theoretically, that redemption right could occur before the end of the compliance period, since the latter is measured from the beginning of the credit period, which may occur after the date of the operating agreement. In any case, the operating contemplates that SCIDpda will withdraw or be removed from the LLC at Year 15, with no expectation that SCIDpda will have any right to acquire the tax credit partnership's property.

#### 3. What happens if SCIDpda would like to exit earlier than Year 15?

The "put option" contained in Section 6.5(a) of the operating agreement would allow SCIDpda to force CHHIP's affiliate to acquire SCIDpda's member interest for \$3,000 under limited circumstances before Year 15. These include: (1) if the LLC is required to repurchase the tax credit investor's interest in the tax credit partnership (which event only arises under bad circumstances); (2) the LLC is removed as the tax credit partnership's general partner; (3) if CHHIP could be removed "for cause" as the LLC's manager; (3) if the tax credit partnership transfers the project or loses the project to foreclosure; and (4) the tax credit partnership violates a law, regulation or order and such violation is anticipated to adversely affect SCIDpda.

Other than the exercise of its "put option" under the circumstances summarized in the previous paragraph, SCIDpda can transfer its interest (and thereby withdraw) only with consent from CHHIP's affiliate.

Of course, SCIDpda could decide to breach the agreement and transfer its interest to another party without consent of CHHIP's affiliate. That might be an option if SCIDpda requests consent to transfer, and CHHIP's affiliate acts unreasonably in denying such consent. Under such circumstances, a court might limit damages against SCIDpda on the basis that CHHIP's affiliate had an opportunity to limit its damages (i.e. by consenting to the transfer). That said, I assume CHHIP would consent to a transfer rather than burdening SCIDpda with involvement in a transaction it no longer has an interest pursuing.

#### **INCENTIVE COMPENSATION PLAN 2019**

Seattle Chinatown International District Preservation and Development Authority (SCIDpda), a Washington public authority (Authority), currently employs approximately 85 full and part-time individuals. 52 of those 85 employees are part of our Senior Services programs which include assisted living, adult day services and community meal programs. These services will be transferred from SCIDpda to International Community Health Services (ICHS) during 2019. Because the transition is expected early in 2019, this Incentive Compensation Plan will not include the Senior Services employees.

The SCIDpda Board (Board) has long recognized and valued the SCIDpda skilled and committed staff. An employee must be a permanent employee who works full or part-time and has worked for SCIDpda over six (6) months in order to be eligible to participate in this Incentive Plan.

The Board established a strategic plan for the years 2017-2020. A goal of the strategic plan is to improve employee benefits. To that end, the Board is authorizing SCIDpda to make a contribution on behalf of each eligible employee to the Authority's 457B plan. The amount contributed per eligible employee will be 4% of the employee's salary/wages. Vesting of the SCIDpda contribution will be determined. The award date will be December 31, 2019 to employees who are employed as of that date. The amount will be funded into the 457B plan by March 31, 2020. The Board acknowledges the current 457B Plan will need to be amended for this additional benefit and authorizes the Deputy Director to work with SCIDpda's 457B provider to amend the Plan. The amended plan will be need to be approved by the Board.

Additionally, the Board desires to reward positive performance of the staff by providing an incentive to permanent staff for meeting and/or exceeding the specified Authority goals outlined in the strategic plan. The Board wishes to provide incentive compensation to all permanent eligible employees as of the award date.

For 2019, award date will be December 31, 2019.

For 2019, The Board wishes to provide incentive compensation if the following goals are met:

- More Housing Units/Options
  - o Senior Services sustainability plan complete and implementation begun
- CID Properties Better Serve the Community
  - Identify/seek/create funding sources/opportunities for CID properties (our own and for the community)

#### More positive businesses

A tiered structure will be implemented with employees earning less than \$16.00/hour eligible for a maximum of 8% of the employee's salary/wages, employees earning between \$16.00/hour and \$30.00/hour eligible for a maximum of 6% of the employee's salary/wages and those employees earning over \$30.00/hour eligible for a maximum of 5% of the employee's salary/wages. These percentages are the maximum per range that may be distributed as incentive compensation. The total amount of incentive award for 2019 will be determined by recommendation of the Deputy Director to the Finance Committee who will review performance against goals and available cash for award payment.

We the Governing body of the SCIDpda, authorize and approve the Incentive Compensation Plan (Plan) for 2019 as outlined above. #### **Board Expectations**

<u>Time:</u> As a board member, sharing your knowledge, opinions and experiences are important to the organization. Members need to be present at no less than 75% of Board Meetings, 50% of their committee meetings and one annual retreat. On an annual basis, there are typically twelve full board meetings and three to six meetings per committee (each board member will be asked to serve on a minimum of one committee). Executive Committee members participate at an additional four to six meetings per year.

<u>Financial:</u> Each member is expected to make a personal financial contribution. The amount is not as important as the fact that every board member makes an annual commitment. A 100% commitment rate is often a prerequisite for foundations to make contributions.

<u>Development:</u> In addition to making a personal financial commitment, Board members are expected to periodically assist the staff in raising funds. Board members are also expected to support and contribute to fundraising events, and invite potential donors to Galas and other fundraising events.

<u>Ambassadors:</u> Board members are expected to be visible in the community and express support for SCIDPDA and its mission. Board members are invited and actively encouraged to participate in ID Chinatown community, organizational and/or special events.

**Expertise:** Many Board members represent business, professional backgrounds and/or technical expertise that help guide the staff in carrying out their responsibilities.

<u>Create Opportunities</u>: Members help by opening doors in the community and find opportunity for SCIDPDA to partner and/or acquire development projects.

S

<u>Governance</u>: The Board is legally responsible for SCIDPDA. Board members bring independence and objectivity that insures SCIDPDA is in compliance with its Bylaws, continuously operates in the best interests of the community and is accountable to its many supporters, constituents, and Seattle City Government.

<u>Policy</u>: Collectively, the members are responsible for setting the broad corporate policies. The Board delegates implementation of policy to the Executive Director who is ultimately responsible for the operations, programs and services.

<u>Conduct</u>: Both as individual board members and as the Board of Directors of SCIDPDA, complete integrity is expected. Individual Board members are expected to disclose all potential conflicts of interest as per the Bylaws. In addition to monitoring board conduct, the Board is responsible for monitoring the conduct of the Executive Director who is responsible for monitoring the conduct of staff.

**Evaluation**: Members of the Board of Directors are expected to evaluate the performance of the Board of Directors. The Board or its designated committee is expected to evaluate the performance of the Executive Director. Collectively, the Executive Director and Board of Directors are expected to evaluate the performance of the overall organization.

<u>Planning:</u> The Board is most effective when it is involved in the Organizational planning process. This planning process involves reviewing past performance, identification of strengths, needs assessment and development of organizational goals. **Participation in retreats and planning sessions is critical.**
