There are so many things you could be doing. It's the end of the week, so let's have fun! It's also my job to remind you that you're at a fundraiser and here to support our work. But don't let that steal away from a fun night!

The Chinatown International District is an important place for many of us. It speaks to our hearts. It's tied to who we may be — to our identities. For many, it speaks to our stomachs! SCIDpda is rooted there — it's why our organizational name is so long! And we wouldn't have it any other way.

The SCIDpda is a community development corporation. We work on building community, and all the elements that make a neighborhood special — whether it's keeping businesses in the neighborhood, having great public space to enjoy, working to strengthen education partnerships, or being able to go to the nearby post office to get money orders. And yes, the housing is important, too.

It's a Friday night — let's talk story, have some fun, and please spend some money. You'll feel good about it.

Thank you again for being here! We truly appreciate it!

Maiko Winkler-Chin
Executive Director
